If this is not your full **LEGAL** name and mailing address, please make changes on this page.

Dear Cancer Prevention Study Participant,

We hope you will take the time to complete and return this very brief questionnaire. Your participation and prompt response are critical to the Cancer Prevention Study. Study results are valuable not only to cancer researchers but also to the many people who turn to the American Cancer Society as one of the nation's most trusted cancer resources.

Please verify that the information printed above is your full legal name and correct address and make corrections if needed. We may use this information to verify or identify study participants who have died and to collect data from death indexes on cause of death, including cancer. We may also collect data from cancer registries on diagnosis date and tumor characteristics such as site, type of tumor, and stage of disease. As always, all information is kept strictly confidential and is used for medical statistical purposes only.

If you have any questions about the survey, please call us at 1-800-646-7853.
Sincerely,
Sm- M. Ma
Susan M. Gapstur, PhD, MPH Vice President of Epidemiology
