# ATTENTION MEDICAL STUDENTS

**Betty Lea Stone American Cancer Society Research Fellowships** 

# **AVAILABLE SUMMER 2010**

Betty Lea Stone Fellowship offers firstyear medical students the opportunity to participate in laboratory research with accomplished investigators and receive a stipend of \$5,000.

Upon selection, Fellows will assist with ongoing research during the ten-week program. The Stone Fellowship Committee composed of senior scientists chooses the Fellows.

# **Qualifications:**

Applicants must be:

- First-year medical students enrolled in a New England medical school.
- Have selected a faculty sponsor who will work with him or her to write a proposal for a summer research project.

# To Apply:

Request an application from your American Cancer Society contact or download the application from <a href="http://www.cancer.org">http://www.cancer.org</a>

### **Deadline Date:**

The application deadline is February 12, 2010. Applicants will be notified of selection by late April.

American Cancer Society contact is: Kathy O'Connor Email: koconnor@cancer.org 1.800.952.7664 x3109.
