Dear Cancer Prevention Study Participant,

Thank you for your continued participation in the American Cancer Society's Cancer Prevention Study. Because of you and others like you, we have learned a great deal about factors that may cause or prevent cancer.

The attached very brief questionnaire asks only for the most important information necessary for continuing our research. We have made it as short as possible in the hope that you will take a few minutes to complete the form.

In addition, please take a moment to verify that the information printed above is your full legal name and correct mailing address. We will use this information to identify cases of cancer through cancer registries and death indexes. As always, all information is kept strictly confidential and is used for medical statistical purposes only.

Please continue to be a part of this important research. Your prompt reply will help us provide answers to the many unresolved questions concerning lifestyle and cancer.

With many thanks,

Michael J. Thun, MD
Vice President
Epidemiology and Surveillance Research

BEFORE TURNING TO THE QUESTIONNAIRE, PLEASE READ THE BOXES BELOW.

If the person whose name appears on this form is deceased, please mark this bubble and STOP HERE. Please return the blank questionnaire in the postage-paid envelope.

The answers to the following questions should be provided by the person named on the mailing label. If someone else provides the answers about that person, please mark this bubble.
